

NEW RELEASE: *ROH Flow-forged RF3*

New to the exclusive range of ROH Lightweight Performance[®] Street Wheels, all new Flow-forged RF3 in matt black finish is available in 17", 18" & 19" staggered sizes.

Flow-forging is the most advanced technology in use today by just a handful of specialist wheel manufacturers around the world. The process begins with unique cast pre-forms which are then flow-forged after casting to produce high-strength lightweight aluminium road wheels for both street and off-road applications.

Compared to conventional as-cast wheels, ROH Flow-forged wheels are comparable to more expensive forged aluminium wheels yet retaining the ultimate styling flexibility afforded by diecasting.

RF3 utilises this advanced technology to fit all popular Australian and imported performance cars.

In 19x8.5 and 19x9.5, RF3 will clear Gen-F HSV brake calipers excluding all E-Series & Gen-F GTS.

Matt black RF3 is also available in 17x7.5, 18x8 and wheels are in stock now - so contact our sales staff today for fitments and pricing.
