

NEW RELEASE: *ROH Flow-forged RF6*

New to the exclusive range of ROH Lightweight Performance[®] Street Wheels, all new Flow Forged RF6 in matt black finish is available in 18" and staggered 19" sizes.

The intricate design of the RF6 offers enthusiasts a unique look which fits a host of FWD and RWD vehicles.

Flow-forging is the most advanced technology in use today by just a handful of specialist wheel manufacturers around the world. The process begins with unique cast pre-forms which are then flow-forged after casting to produce high-strength lightweight aluminium road wheels for both street and off-road applications.

Compared to conventional as-cast wheels, ROH Flow-forged wheels are comparable to more expensive forged aluminium wheels yet retaining the ultimate styling flexibility afforded by diecasting.

RF6 utilises this advanced technology to fit all popular Australian and imported performance cars.

ROH RF6 is in stock now - so contact our sales staff today for fitments and pricing.

RF6 Part Numbers & Fitments:

18 X 8.0"	PCD & OFFSET
RF618801MB	5/114.3 38P
